DIRECT ACCESS GUIDE

A Guide To Our Experts And Spokespersons

8th Edition

Canada

PURPOSE

This environmental issues telephone directory is provided to enable Atlantic Canadians to quickly and easily obtain complete information from Environment Canada's regional experts and spokespersons.

USAGE

Simply find your topic, or pick a subject, and then directly call the person(s) listed. For general information, or if your topic is not listed, refer to the heading "Information" on page 6, or contact the Departmental Communications Unit at (902)426-7990.

SPEAKERS

Many of the individuals listed in this guide are available to give public talks on their topics to clubs, committees, groups and classes. Please simply phone them and invite them to your event.

KEY TO THE CODES

Each listing is coded to indicate which section of Environment Canada the contacts work for, and in which city and province they are located.

Sections of Environment Canada
